

PDF: The global standard for trusted electronic documents and forms

**Congratulations! You have downloaded and opened a sample PDF file from a CondoSites sample website.**

In a real CondoSites community, what you are seeing now would be replaced with real community content, such as:

- Newsletters
- Meeting Minutes
- Rules/CC&R's/Legal Documents
- Forms
- and documents

PDF stands for Portable Document Format. All fonts, graphics and styles are included in a PDF, so it looks the same whether it is opened on a Mac or PC.

PDFs are also searchable! Look for the “find” or “search” option in your PDF viewing application, such as Adobe Reader, and look for any of the words you see in this document.
